Wood Fired Grills

Catalog

The story behind TiGER FiRE

TiGER FiRE, that's purely Belgian!

Created by and for outdoor enthusiasts. When it was founded in 2016, a conscious choice was made to handcraft our products locally. This ensures that our barbecues are perfect every time.

A family business that has grown to allow people to enjoy the togetherness around our TiGER FiRE products day in and day out.

Discover the true taste of outdoor cooking. Be inspired by the rising flames, the delightful aroma, and the cozy warmth that only a TiGER FiRE can provide. With our products, you become the master of the grill and create unforgettable memories with the people you love.

The production

Our workshops are equipped with the latest machinery for processing steel and Corten steel. Recently, our machinery has been expanded to increase our production capacity while maintaining the highest quality standards. A second production location has been established. Talented employees work here every day to create the finest products for your outdoor living.

We proudly carry the Made in Belgium label, which is synonymous with quality, craftsmanship, and innovation.

FiRE it up!

Build a fire using oak and beech wood by stacking it in a pyramid shape and gradually adding larger blocks. Make sure the wood you use is dry, and the wood blocks are not larger than 10 cm in diameter. This prevents excessive smoke, which is not pleasant for you and your guests.

While heating, the griddle can be cleaned with the spatula, scraping away the old oil.

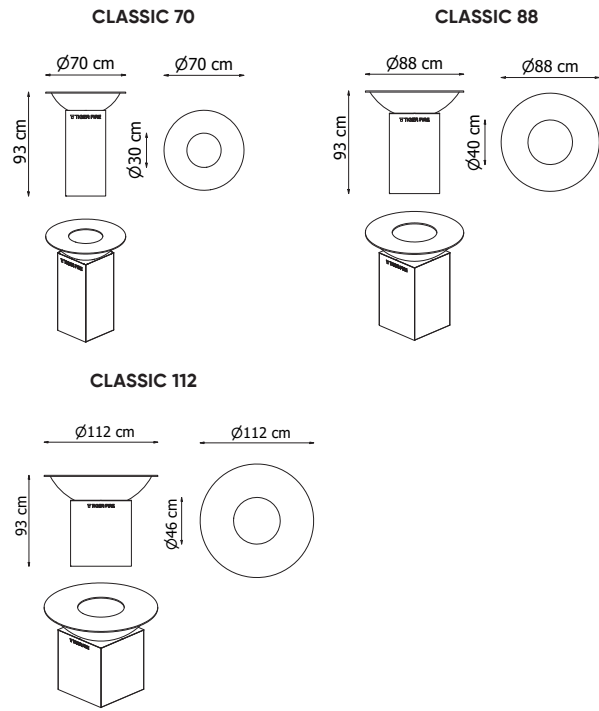

You'll notice that when the appliance is heated after 15-30 minutes, any excess liquids will naturally move towards the fire and burn. This effect is due to the slight curvature in the middle of the griddle.

TiGER FiRE Classic

The purest design by TiGER FiRE. An aesthetic masterpiece for your garden, even when not in use. Ignite the fire and make every outdoor moment magical.

Available in diameters of 70 cm, 88 cm, or 112 cm, in Corten steel or black powder-coated.

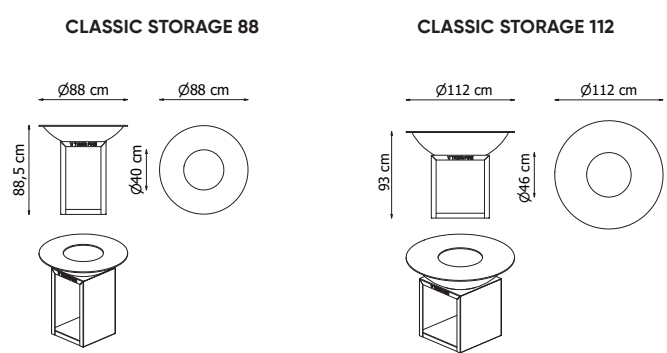

TiGER FiRE Classic Storage

The style and simplicity of TiGER FiRE with the convenience of integrated wood storage.

Available in diameters of 88 cm or 112 cm, in Corten steel or black powder-coated.

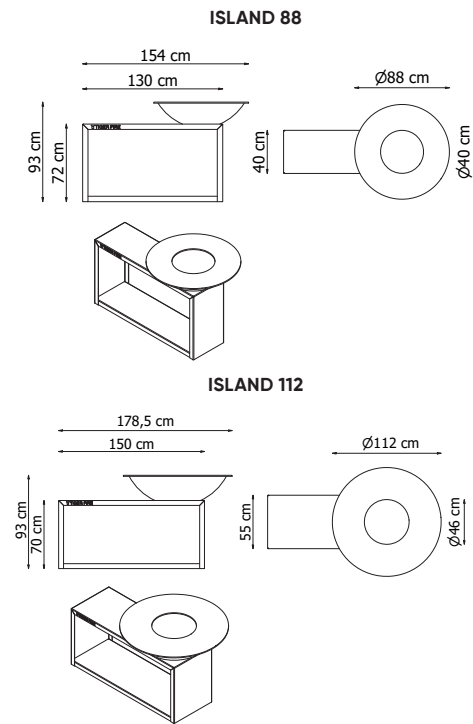

TiGER FiRE Island

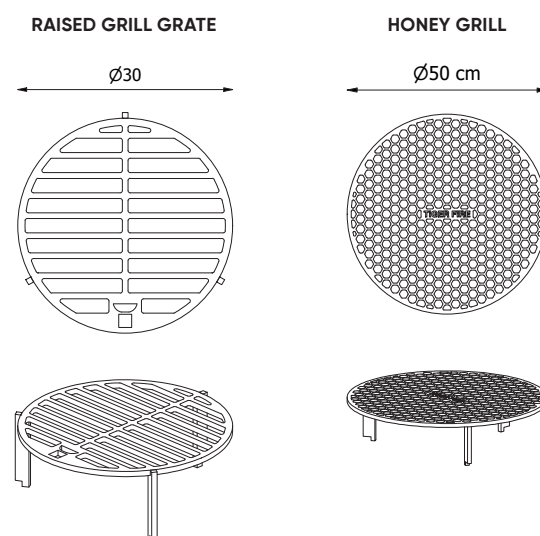

With its timeless design, the Island is a true eye-catcher on your terrace. Experience the convenience of a spacious worktop and a handy wood storage integrated into a single appliance.

Available in diameters of 88 cm or 112 cm, in Corten steel or black powder-coated.

TIGER FIRE Grills

Create an additional surface for grilling meat, fish, and vegetables over the fire. A true flavor sensation of crispy grilled dishes with a charcoal aroma awaits you. Thanks to the height of the grill, you can easily add extra wood while cooking.

TiGER FiRE Food Bumper

Do you often cook with ingredients that roll easily, or are you a bit too enthusiastic when showcooking with a spatula? The food bumper prevents food from falling into the fire. With its raised legs, you can still easily clean your griddle with a spatula.

TiGER FiRE Churrasco skewer set

Take your guests on a culinary journey while mastering the art of Churrasco grilling. Show that you are the grill master by preparing the most delicious meat dishes. The sharp points of the skewers hold the meat in place, ensuring it is grilled evenly and juicy. Due to its versatility, this set can delight not only meat lovers. Thread vegetables, fish, shrimp, or even fruit on these skewers and create a symphony of flavors that will impress every guest.

TiGER FiRE Covers

With a cover, you protect your TiGER FiRE from various weather conditions. Enjoy its beautiful presence in the garden all year round and prevent the griddle from rusting or getting dirty.

Available in Corten steel or black powder-coated.

The Black Line

Powder coating is a process used to create a durable and attractive finish on metal surfaces.

The powder coating process involves two major steps: metallization and coloring. Metallization is the first step in the powder coating process, starting with the preparation of the surface to be coated. The metal is treated with a corrosion-resistant layer. After the metallization, the color coating is applied.

This is the moment when the desired color and finish are added to the pieces by electrostatically charging the surface. The heat-resistant coating is attracted to the electrostatically charged metal. The pieces are then placed in a high-temperature oven for curing. The result is a strong, durable coating that is resistant to rust and heat.

Our black coating ranks among the absolute world leaders in terms of heat and wear-resistant properties.

It is possible to refresh your TiGER FiRE over time or touch up surface damage using the Touch Up Paint. This allows you to easily and entirely on your own maintain the original appearance of your TiGER FiRE.

TiGER FiRE

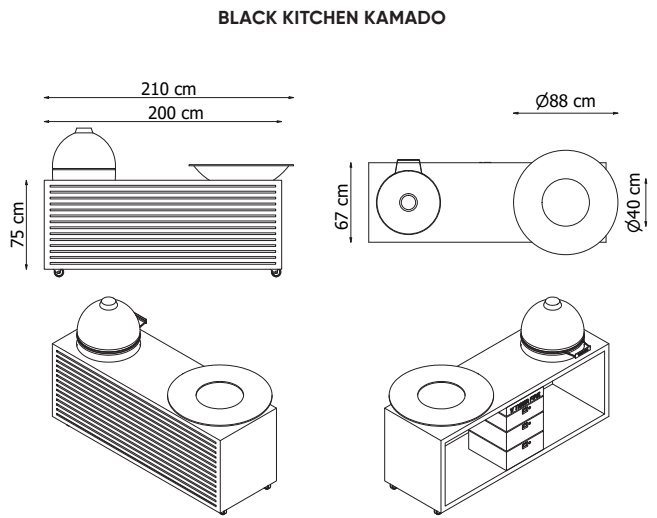

Black Kitchen Kamado

An outdoor kitchen with a TiGER FiRE plancha and a kamado is a fantastic combination for barbecue enthusiasts. With this setup, you have the flexibility to experiment with various cooking techniques and flavors and to prepare a wide range of dishes.

Entertain your guests and let them dream away with the delicious creations from the grill.

The storage beneath the work surface of your outdoor kitchen is a convenient way to keep your cooking utensils, tableware, spices, and other necessities within easy reach. Organize your storage by adding an optional set of drawers to maximize space efficiency.

Available in a diameter of 88 cm with a TiGER FiRE Kamado Large or Big Green Egg Large, black powder-coated.

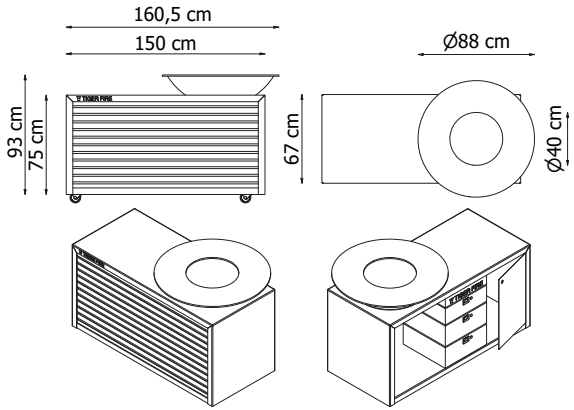

TIGER FIRE PRO LINE **Pro Table 88 &** **Pro Table Kamado**

An outdoor kitchen with a TiGER FiRE plancha or a TiGER FiRE Kamado is the perfect solution to the need for both refinement and functionality. With its sleek and contemporary design, it adds a touch of modern elegance to any outdoor environment.

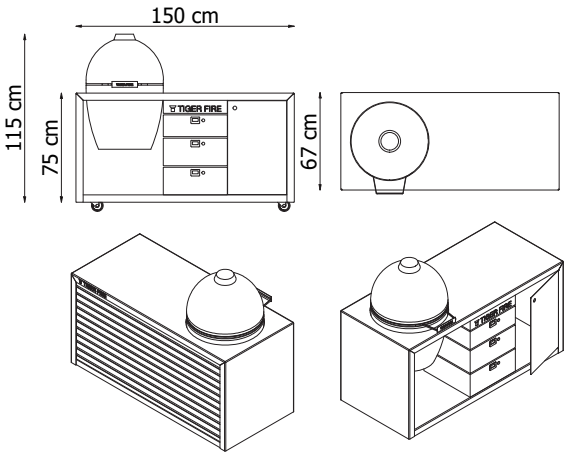

The storage beneath the work surface of your outdoor kitchen is a convenient way to keep your cooking utensils, dishes, spices, and other essentials within reach. Organize your storage by adding an optional set of drawers and a door to make the most efficient use of the space.

Available in a diameter of 88 cm or with a TiGER FiRE Kamado Large (White, Green, or Black), black powder-coated.

PRO TABLE 88

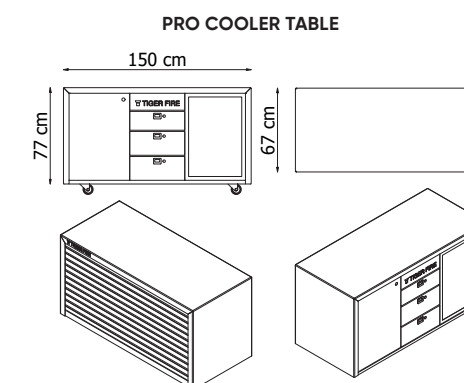

PRO TABLE KAMADO

TiGER FiRE Pro Cooler Table

The TiGER FiRE Pro Cooler Table is your ultimate companion for keeping cool during your outdoor adventures. It makes a design statement while offering a lot of functionality at the same time. The sleek exterior is complemented by integrated storage spaces and a convenient work surface, making this piece of furniture highly versatile in every aspect.

TiGER FiRE Essentials

Barbecuing is a great way to spend time with family and friends outdoors. With these essentials, you'll be well-prepared for a fantastic barbecue experience.

TiGER FiRE Accessories

With an extensive range of innovative and high-quality accessories, TiGER FiRE enhances your outdoor cooking experience, giving you the freedom to create creative culinary masterpieces on your plancha barbecue.

Leather Gloves (heat protection)

TiGER FiRE Braai

Inspired by the South African tradition, the TiGER FiRE Braai was developed. It's a beautiful piece of art that simultaneously creates ambiance and delicious food.

You can make your own charcoal by burning wood in the coal maker and then slowly grill tasty pieces of meat and vegetables.

The TiGER FiRE Braai features height-adjustable grates to cook dishes at different temperatures, and the coal maker can be easily positioned on the left, right, or in the center, allowing you to configure the braai to your liking.

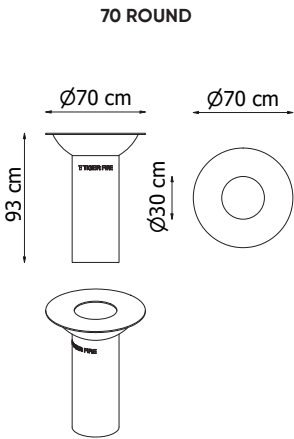

TiGER FiRE

Round

Discover the versatility of the TiGER FiRE Round, the ultimate companion for outdoor cooking on a smaller scale. This compact TiGER FiRE offers all the benefits of a full-fledged plancha in a convenient and space-saving size.

Thanks to its slim design, this little powerhouse fits perfectly on any terrace, balcony, or in a cozy garden.

Available in a 70 cm diameter, in Corten steel.

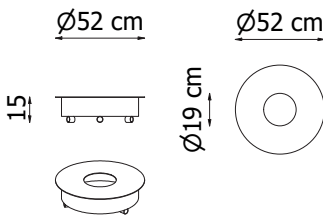

TiGER FiRE Table BBQ

Discover the versatility of the TiGER FiRE Round, the ultimate companion for outdoor cooking on a smaller scale.

This compact TiGER FiRE offers all the benefits of a full-fledged plancha in a convenient and space-saving size.

TABLE BBQ

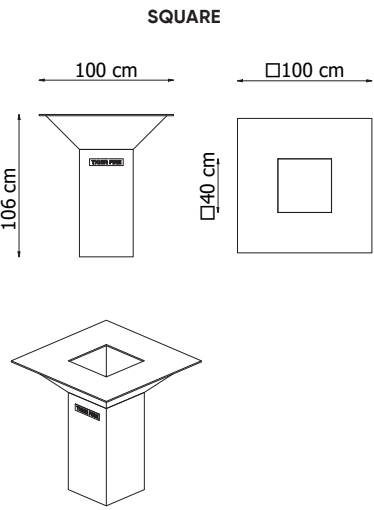

TiGER FiRE

Square

The atypical square design of the square draws attention to any terrace with its sleek and modern look. The spacious griddle ensures that you have enough capacity for all your guests.

Available in a 100-centimeter diameter, in Corten steel.

Maintenance

The TiGER FiRE itself requires minimal maintenance. Ensure that the griddle is always coated with a fully covering layer of oil. You can use a vegetable oil such as peanut oil, olive oil, ...

When the appliance is not used for an extended period, it is highly recommended to use the cover. This protects your griddle from moisture and prevents corrosion. Also, any residual ash from previous use can't get wet in this way.

good to know...

PLATE RENOVATION KIT

The plate renovation kit is useful when there is light oxidation on the griddle due to a lack of oil or exposure to moisture. You can polish your plate with this kit to make it look like new again. Ensuring that your griddle is thoroughly degreased before using this kit ensures effective results. Don't forget to re-season your griddle with vegetable oil after refreshing it.

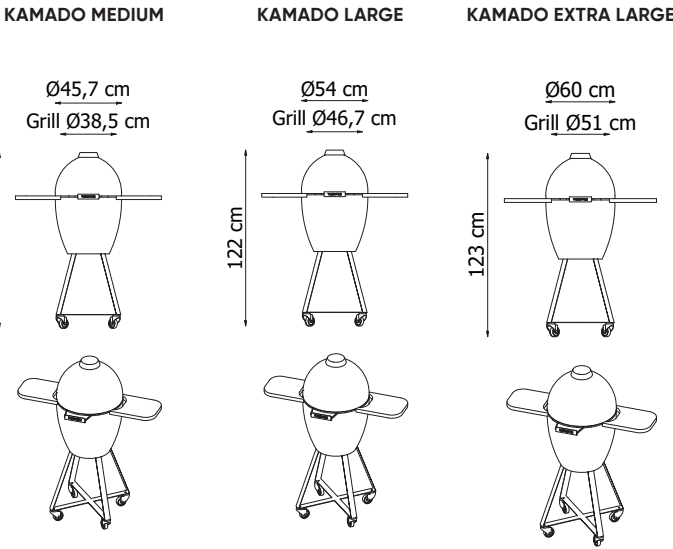

TIGER FIRE Kamado

Stone or clay ovens have been used by humans for cooking food for thousands of years. Based on the discoveries made, it is believed that these ovens are the origin of the modern Kamado.

In the modern Kamado, clay has been replaced with high-quality ceramic materials. Ceramic has the beneficial property of insulation, effectively retaining heat. The exterior of the Kamado is finished with a high-gloss ceramic glaze.

The Kamado is a highly versatile barbecue. In addition to grilling, you can also use it for smoking, baking, and steaming, as well as for low and slow cooking and even making pizza.

TiGER FiRE Kamado Pro

Meet the TiGER FiRE Kamado Pro, the ultimate Kamado BBQ experience. Crafted from premium ceramic and accompanied by essential accessories to strive for perfection.

- Heat deflector:**
for indirect cooking and slow roasting;
- Charcoal basket:**
efficient charcoal distribution for even heat;
- Ash drawer:**
easy cleanup without hassle;
- Stainless steel grill grate:**
durable and perfect grill marks.

Our Kamado, constructed from high-quality ceramic, ensures excellent heat insulation and durability, ideal for precise temperature control, grilling, smoking, and baking.

Experience the TiGER FiRE Kamado Pro, pure enjoyment.
